Experience

WIMT | Web Design & Technical Assistant

Feb 2022 - Apr 2024 (Part Time)

- Managed updates and functionality for two WordPress websites (WIMT & CWIM), including WooCommerce integration.
- Assisted employees with technical questions and troubleshooting.
- Maintained and optimized sites to ensure reliability and performance.

Cardinal Cabinetry Co. | Design Engineer

Aug 2021 - Sept 2023 (Permanent Full Time)

Apr 2024 - Jun 2024 (Contract Part Time - Hybrid)

- Produced detailed shop drawings using Cabinet Vision software, ensuring accuracy and adherence to specifications.
- Redesigned the shop drawing process and layout for increased efficiency and accuracy.
- Utilized SQL to develop custom reports and User Created Standards (UCS's), enhancing project tracking and efficiency.
- Managed multiple projects simultaneously, coordinating effectively with various departments and clients to meet deadlines and quality standards.
- Collaborated with design and manufacturing teams to resolve design issues and streamline production processes, ensuring seamless project execution.

Metro Inc. | Produce Clerk

Jul 2016 - Aug 2021 (Part Time)

- Managed and stocked fresh produce, ensuring quality and freshness.
- Assisted customers with product selection and provided knowledgeable answers to inquiries.
- Adhered to health and safety guidelines to ensure a clean and safe shopping environment.

Freelance

Web Developer & Designer | April 2025

<https://www.grandbendholidayhouse.ca>

- Initially launched a responsive website using Squarespace in July of 2023 to help the owner of WIMT manage cottage rental bookings.
- After learning to code, fully rebuilt the website from scratch using HTML, CSS, and JavaScript for greater flexibility and performance.
- Handled the complete process including design, development, domain registration, DNS setup, hosting, and deployment.
